Terms and Conditions:

- FMV Rates based upon 1500 annual hours. Overtime charges will be applied to any hours over the amount per year selected.
- Rate card valid for transactions of a minimum amount financed of \$10,000 up to \$500,000.
- No advance payments required.
- Truck Specs: Configurations other than Special Value Package requires additional review and approval. Forklifts must be equipped with Full Free Triple Mast, sideshifter and 42", 48" or 60" forks. To be noted on the invoice from the dealer.
- All residuals are based on a normal/clean operating environment. Not normal/clean requires one-off review and approval.
- Attachments: Only Doosan Attachments listed in the Doosan Forklift Price books are eligible for residual values.
- Non-Doosan Attachments, additional batteries and Extended Warranty Charges must be financed at the standard rate of 5.65%.
- For Class I, 3-Wheel Electric Forklifts the Maximum Selling Price must include one standard lead-acid battery and one charger.
- For all eligible models, options can be added, but the payment will increase if the selling price increases above the maximum listed for that type.
- Apply the rate factor of 0.018134 to any amount above the Maximum Selling Price and add to the promotion payment for the type to calculate the new payment.
- All rates valid for applications received and approved by 9/30/2022 and will remain valid for up to 90 days following the original credit approval date. After 90 days, payment estimates would be subject to change based upon current rates at the time of funding. DIVAC reserves the right to change this promotional offering and applicable rates periodically, in its sole discretion.
